

# 121T™

- HIGH EFFICIENCY
- EXCEPTIONAL TRACTION
- BUILT TO LAST
- THREE PEAK MOUNTAIN SNOWFLAKE DESIGNATED

### REGIONAL TRAILER TIRE FOR ALL SEASONS

The 121T is an all-new 17.5" trailer tire designed specifically for regional haul operations. Its distinctive tread pattern and rigid shoulder design are perfect for use in drop-deck and heavy-haul trailer applications in all weather conditions.

#### EXCEPTIONAL TRACTION

##### SERPENTINE GROOVES

Efficiently remove water from beneath the tread and maximize traction on wet and snowy roads.

##### CONCAVE LUG FEATURES

Precisely engineered concave lug features provide additional traction under wet or slippery road conditions.

#### BUILT TO LAST

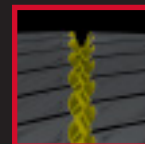

##### RIGID SHOULDER DESIGN

Reduces the chance for shoulder step-down wear and improves straight line stability.

##### FUNNEL-SHAPED STEP GROOVES

Prevent stones and debris from reaching the bottom of the groove where casing damage can occur.

#### HIGH EFFICIENCY

##### THREE-GROOVE TREAD PATTERN

Assures reduced rolling resistance and reduces external noise.
