

# RY103

## HIGHWAY LOW PROFILE RIB FOR TRAILER

- BETTER MILEAGE
- IMPROVED HANDLING
- BETTER STABILITY

The versatile and reliable RY103 incorporates low-profile engineering with quality construction for better mileage, more payload potential, improved handling and better stability.

### Proven quality construction

Straight Five-Rib Tread Design with four grooves, promotes even wear and provides a smooth ride, improved handling and superior wet traction.

### Improved handling & better stability

Wide shoulder ribs reduce shoulder step wear.

### Ultimate casing durability

Funnel-shaped groove reduces stone retention and increases block rigidity for enhanced traction and wear rate.

## SIZES AND SPECIFICATIONS

| TIRE SIZE             | PART #    | PLY RATING | TIRE WEIGHT (lbs) | RIM WIDTHS (inches) |      | INFLATED DIMENSIONS (inches) |                  | TREAD DEPTH 1/32" | LOADED DIMENSIONS (inches) |            |               | MAX LOAD (lbs) @ MAX PSI |            |
